EFFORT TO BE MADE TO LOCATE MODERN APPLIANCE COMPANY

Three Thousand Dollars in Stock is
Subscribed After Investigators
Report is Heard

WRITTEN STATEMENT MADE

Committee Recommends Company be
Incorporated at \$75,000, Two-
Thirds of it Common

CONCERN MAKES PROPOSITION

Willing to Reincorporate Under Ind-
iana Laws and Issue Stock as
Subscribers Desire It

That an effort will be made to locate the Modern Appliance company of Chicago was definitely determined at a meeting in the court house assembly room last night and it was announced that three thousand dollars in stock had been subscribed.

The company is willing to locate here if ten thousand dollars worth of stock is sold, but the investigating committee which made a written, favorable report last night believes that fifteen thousand dollars in stock should be subscribed in order to back the factory as it should be and give it the proper opportunity to expand.

It is stated that the subscribers to the stock may take their choice of the kind of stock. The company is willing that the issue shall be all preferred all common, or divided in any way the stockholders see fit.

The report of the investigator showed that there are in reality two corporations, headed by Mr. Falk each with a capital stock of \$25,000. The report discloses that the total assets of the two concerns are \$24,100 and that the total liabilities are \$5,100. It also sets forth the proposition of Mr. Falk to reincorporate under the laws of Indiana and allow the new corporation to acquire all assets of every kind and at the same time assume the liabilities.

The investigators closed their report with the recommendation that if the proposition is undertaken the capital stock be made \$50,000 and the preferred stock \$25,000, and that sufficient stock be sold to finance the proposition.

The Sunshine Club

Business men who are inclined to look on the bright side of things are forming Sunshine Clubs in various parts of the county.

The purpose of these organizations is to preach good times and to restore confidence in spots where there has been hesitation. Reports show that those who are going after business in an aggressive manner are getting it. They are finding plenty of encouragement.

Sales are getting better. Evidence of the way in which the active men are going after good times will be found in the advertising columns of live newspapers like the Daily Republican which goes into 2165 Rush homes every week day.

Each advertisement is, in its way a bulletin of the Sunshine Club—the bid for business by a man who believes it is here for the asking.

Advertising these days is unusually profitable reading, not only because it shows the trend of the times, but because it very frequently offers opportunity to the purchaser that are out of the ordinary.

This newspaper has an important service to render to its readers in bringing to them the news which its advertising tells.

ance properly the concern, the remaining stock to be held as treasury stock.

Two men were canvassing today and were meeting with good success, it was reported this afternoon. It is desired that the stock be sold as soon as possible so that arrangements can be made to move the factory.

It was erroneously stated Thursday that Mr. Falk was the inventor of the products of the company. Mr. Sperry, an employee of the factory, is the inventor, but the company owns the patent rights. Mr. Falk was a cost accountant for an electrical appliances company. He saw how they made money and decided to go into the business himself. The complete report of the investigators follows:

We, the undersigned, your committee appointed to investigate the moral and physical condition of the Modern Appliance Company and Chicago Utilities Company, beg leave to report that, we arrived at Chicago Tuesday morning, March 27th, and immediately proceeded to carry out the trust imposed, and submit the following report:

First: The Modern Appliance Company and Chicago Utilities Company are two separate corporations, organized and operated under the laws of the state of Illinois. Each corporation having a capital stock of \$25,000.00.

Second: \$24,800.00 of the stock in the Chicago Utilities Company has been acquired by the stockholders in the Modern Appliance Company. \$21,800.00 has been converted into Modern Appliance Company stock and the remaining \$3,000 can be converted into Modern Appliance Company stock by issuing \$1500 of said Modern Appliance Company stock for said \$3000 of the Chicago Utilities Company stock. The remaining \$200 of the Chicago Utilities Company stock is held by an individual with whom it was pledged as security for a debt, and he is demanding the par value thereof.

Third: The inventory of equipment, stock and material of the two corporations as made by Mr. Falk is as follows:

Machinery	\$ 7200.00
Patterns, tools, etc	1900.00
Tools and dies for brackets	1600.00
Tools and Dies for stamp pads	500.00
Work in process, exc. Bkt. stock	1400.00
Bracket stock, process and finished	3500.00
Stamp pad stk. in process	100.00
Shop supplies	400.00
Shipping supplies	500.00
Office, furniture and sup.	800.00
Raw materials	500.00
Prepaid advertising	2500.00
Prepaid insurance	200.00
	\$21,100.00

The additional assets of these concerns consist of accounts receivable as follows:

Note secured by stock as collateral	\$ 100.00
Open Accounts	2800.00
Cash in Bank	100.00
	\$3,000.00

Making total assets \$24,100.00

Fourth: The two concerns have outstanding indebtedness amounting to \$5,100.00 in open accounts as follows:

Printing and advertising	
general advertising	\$1900.00
Steel	1500.00
Other raw materials	400.00
Machinery	600.00
Patterns and tools	300.00
Miscellaneous	400.00
	\$5100.00

On these accounts \$1800 is past due. We were unable to discover any other liabilities other than capital stock except that we found a suit

ELEVEN SHIPS SUNK BY GERMAN RAIDER

Two Hundred and Sixty-Seven Survivors Arrive in Rio de Janeiro With Thrilling Story

BEARS THE NAME OF C. ADDER

(By United Press.)

Rio D. Janeiro, March 31.—Two hundred and sixty-five men and two women survivors of eleven ships sunk in the Atlantic brought into port today another German raider story.

The new German raider is a sailing vessel with auxiliary gasoline engines. She flies the Norwegian flag, is heavily armed and bears the name of C. Adder.

She left Germany on December 22. Most of her victims were sunk in the vicinity of Trinidad, according to the survivors.

Survivors told of the raider overhauling the sailing vessel Hongarth. The Hongarth refused orders to stop and immediately opened fire on her pursuer. One man aboard the raider was killed and four were wounded.

BURNED WHEN GAS FUMES EXPLODED

Lawrence Payne is Seriously Injured When he Attempts to Light Furnace at Home

WIND BLEW THE FIRE OUT

Lawrence Payne, son of Mr. and Mrs. Ralph Payne, was seriously burned about the face and hands last evening when gas fumes which had accumulated in the furnace exploded, forcing the flames out through the door. The gas in one of the burners had been blown out and he was unaware of this. Just as soon as he attempted to light the burner the explosion occurred.

His face and hands were blistered and while the burns were serious it is yet impossible to tell just how seriously they will result. The fire in the furnace had been turned very low and it is believed the wind blew it out from under one of the burners.

CARTHAGE GIRL WINS THE CONTEST

Miss Mildred Smith Will Represent Rush County at District Discussion League Meeting

WILL BE HERE FRIDAY NIGHT

Miss Mildred Smith of Carthage will represent Rush county at the district discussion contest to be held here next Friday night, by reason of her victory over Thomas Saunders, representative of the local high school, last night. The contest was attended by a very small crowd. The judges were B. F. Carroll, O. S. Flick and Ralph B. Yenne, all from the Technical high school, Indianapolis.

Both speakers took the affirmative side of the question, "Should the United States adopt a system of compulsory military service, similar in essentials to the Swiss system?" The arguments in favor of such a system were well presented by both speakers.

Saunders was given first place by one of the judges, B. F. Carroll and Miss Smith was favored by the other two judges. Miss Smith is expected to make a good showing in the district discussion contest.

Mrs. Walter Capp is ill at her home in North Main street.

BOY SCOUTS HEAR EXECUTIVES SPEAK

Speeches by O. E. McMeans of Indianapolis and Charles Dougherty of Shelbyville, Beneficial

BOTH ARE SCOUTMASTERS

A joint meeting of the two Boy Scout troops of the city was held last night in the First Presbyterian church, for the purpose of getting some ideas in Scout work and some instructions on how to proceed with the organizations here. The troop at the First Presbyterian church was only recently organized, while Troop No. 2 at the Christian church has been in existence for some time.

O. E. McMeans, scoutmaster of Troop No. 17, Indianapolis, and Charles Dougherty of Shelbyville, a scout executive of that city, were present at the meeting. Both men have had broad experience in this work and their talks are expected to prove a benefit to the members here. Mr. Dougherty sang several songs for the boys. In all the meeting was attended by 50 boys and several men of the two churches.

AMERICAN KILLED; NO WARNING GIVEN

Several Others Are Missing as Result of Sinking of British Steamer Christian Thursday

EXPLOSION KILLS FIVE MEN

(By United Press.)

Washington, March 31.—Consul Frost at Queenstown today reported one American negro named Hollier is known dead and several other Americans are missing as the result of the unwarmed sinking of the British steamer Christian last Thursday.

The cablegram said two boats of survivors are still missing and probably are lost. Fifty-eight members of the crew of 112 were Americans.

The explosion of the torpedo killed five men, two of whom are believed to have been Americans. The submarine was not seen but the wake of the torpedo was seen by Americans. One boat load of survivors was landed at Queenstown.

DEMOCRATS WILL CONTROL THE HOUSE

Loss of Two Votes by Republicans Make Almost Certain Election of Champ Clark Speaker

ONE MEMBER IS STRICKEN

(By United Press.)

Washington, March 31.—As republicans of the house went into secret session this afternoon to nominate Floor Leader Mann as candidate for speaker and to name a ticket for other house offices, it seemed a certainty that Champ Clark's recent prediction would come true.

Clark said he would be re-elected speaker and that the democrats would organize the house.

Events of today gave the democrats the first positive advantage in numbers. Representative Helgesen, republican, was stricken with appendicitis and rushed to a hospital. His physician said he could not possibly attend Monday's session.

Representative Bleakely, republican, announced he would not attend Monday and it was said at the capitol today republicans would not want him to vote if he does attend, in view of the election indictments hanging over him.

SENATOR SPEAKS AT ERIE' PA

Watson Stops Off There for Speech on Way to Washington

After attending the republican meeting in Indianapolis yesterday afternoon, Senator James E. Watson left Indianapolis last night at 10:50 o'clock for Erie, Pennsylvania. He will address a patriotic meeting there tonight and then will go on to Washington, arriving at the capital some time Sunday in time for the opening of the extra session of congress Monday.

MEETING PLANS ARE PROGRESSING

Committees Are Appointed to Arrange For Patriotic Demonstration Friday Night

PLAQUE IS NOT YET DEFINITE

Wave of Patriotism That is Sweeping Country Manifested Here by Display of Flags.

Plans for the patriotic mass meeting to be held next Friday night are progressing rapidly. Several committees have been appointed and it is believed a large crowd will respond. The committees include people from all parts of the country and there is no reason why a representative Rush county audience should not be present.

The exact program has not been completed. The committee is working on this part of the affair and hopes to have a definite announcement in a few days. It was first announced that the meeting would be held in the assembly room of the court house, but this may be changed to the auditorium of the Graham Annex. This has not been definitely decided but will be announced in plenty of time.

The wave of patriotism that is sweeping the country has hit Rushville. Flags are displayed from many business houses and homes and the meeting next Friday night should prove a big boost for the national guard company that is being formed here.

Committee on program: John A. Tittsworth, Anna Bohannon, Nora Sleeth.

Committee on place: J. H. Scholl and L. L. Allen.

Committee on music: C. E. Parke, B. F. Miller, Lucia Beher.

Committee on decorations: Walter Hubbard, Paul Allen, Edith Wilk, Henrietta Coleman.

Committee on invitation: A. L. Riggs, Voorhees Cavitt, S. L. Trabue, A. L. Gary, Mrs. C. L. Smullen, Chas. Trowbridge, Elmer Hutchinson, Albert W. Riggsbee, Thomas K. Mull, Donald L. Mull, Chas. Owens, Gus Riley, Perry Innis, Margaret Morton, Wm. Fisher, A. J. Perkins, Mrs. Beulah Stevens, Rev. Daniel Ryan, Wm. H. McMillin, F. W. Lightfoot, O. M. Siler, Joe Stevens, Earl Wright, W. L. PLACED IN CIVIL SERVICE

Postmasters of First, Second and Third Class Are Included

(By United Press.)

Washington, March 31.—Postmasters of the first, second and third classes were placed under the civil service by an executive order this afternoon.

This includes the Rushville office and places Postmaster G. P. Hunt in the civil service. It is understood incumbents hold office for life unless they are discharged for some reason. The order was expected for April 1.

MEXICO NOW STEPS INTO THE LIMELIGHT

More Than Germany Engages Attention of War Department as Inevitable War Approaches

CARRANZA SENDS NO REPLY

Zimmermann's Statement Makes it Possible to Assume State of War Now Exists

By ROBERT J. BENDER

(U. P. Staff Correspondent.)

Washington, March 31.—Mexico even more than Germany, engaged the war department's attention today as the hour for the apparently inevitable entrance of the United States into the world war draws near.

Carranza has never disclaimed interest in Germany's attempted alliance with Mexico. The state department's proposal has been ignored. It is accepted as a certainty that in event of war Germany will renew her attempt to ally Mexico against the United States. Carranza's silence, in consequence, is construed as menacing.

There is no expectation that Germany will content herself with a defensive attitude toward the United States in case of war. If hostilities begin it will be impossible for this country to maintain friendly relations with Germany's allies, it is believed.

Officials point out the impossibility of allowing representatives of Germany's allies to remain in Washington with an unhampered view of the working of this government.

Germany may have recognized that a state of war exists between that country and the United States, according to an interpretation today by the state department of Foreign Minister Zimmermann's speech.

This interpretation was based upon the published quotation of Zimmermann's remarks saying, "the United States can not deny us the right to seek allies when it has itself practically declared war on us." The state department would not interpret the remark as being a full, official recognition of a state of war but it said the remark might be so interpreted.

This angle of the international situation probably will be injected into President Wilson's speech to congress. He can figure that Germany already holds that a state of war exists, basing it on the Zimmermann statement.

SENATOR STONE UNCHANGED

(By United Press.)

Washington, March 31.—William J. Stone, of the filibustering senators who defeated the president's armed neutrality measure will vote against any further action than that already taken by this government until congress declares war, he announced today.

"When congress declares war, I am for war and will go to any length to lick the enemy," said Stone. "My position on the armed neutrality bill hasn't changed in the slightest. I would vote against it again."

TO SELL COLLECTION OF ARMS

(By United Press.)

Philadelphia, March 31.—The late Samuel H. Austin's collection of antique arms, worth a fortune and said to be the most wonderful collection of its kind in existence, will be sold at auction in New York some time next week. Among the rare pieces are a wheel lock Italian gun of 1560, a sporting rifle dated 1629, a triple wheel lock German pistol dated 1630. There are 400 other specimens of antique gunnery, all in perfect condition.

Serum Station.....

The Swine Breeders Pure Serum Company of Thorntown, Indiana, has established a Serum Station at Rushville for the benefit of their stockholders and also the farmers of this part of the State who want to use a high class serum.

We sell direct to the farmer and guarantee him the best, pure, potent serum and virus that can be obtained anywhere. This serum is strictly troat bled serum, obtained by killing the hog outright and this is the only plant in the country using this method.

The company has arranged to keep serum on hands at Kramer's Cold Storage Plant, and anyone wanting serum can get it any time. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Company over the Rushville National Bank.

EFFORT TO BE MADE TO LOCATE FACTORY HERE

Continued from Page 1.

pending against the Modern Appliance Company for alleged infringement upon Peter C. Burns, Patent No. 1011405 now held and controlled by the American Electric Company.

Fifth: Certain funds of these concerns have been invested in incorporating, securing patent and other legal services to the amount of \$600 and we find that Mr. Falk is carrying \$10,000.00 Life Insurance in favor of the Modern Appliance Company as beneficiary; the premiums being paid out of the general fund. This, we regard as an additional asset.

Sixth: We held a conference with Glen S. Noble, Patent Attorney, defending the Modern Appliance Company in the suit for alleged infringement on the patent above mentioned, and he advises that he is very confident that the suit will be unsuccessful. It is our opinion, however, that the Modern Appliance Company should be chartered anew under the laws of this state. The old corporation would then have to bear the burden of any judgment that might be rendered. We further found, however, that the Modern Appliance Company controls a new device greatly improving the one alleged to be an infringement, and we were assured by Mr. Noble that the new device in no way could be termed an infringement.

Seventh: We found that the stock heretofore issued and to be issued in payment of loans and converted into Modern Appliance Company Stock is held by thirteen persons; the aggregate amount being \$28,100.00. We further found that this stock evidences the actual cash investment, except that \$5000 of the stock held by Mr. Falk and \$3800 held by four employees was issued as bonus stock and as remuneration for sacrifices made and services rendered in the early stages of the venture. We were informed by Mr. Falk that the Modern Appliance Co. operated at a loss of \$500 from October to December 31st, 1916, but that it realized a profit to the amount of \$800 since January 1st.

He also informed us that the Telephone Bracket is now being manufactured for the Modern Appliance Company by the Chicago Utilities Company, and that the manufacturing of the bracket shows a profit of ten cents each for the Chicago Utilities Company, and that the Modern Appliance Company realizes a profit of fifty-nine cents on each bracket.

Eight: On the question of the personal reputation of Mr. Falk, we interviewed the Chief Accountant in the Auditing Department of the Sears and Roebuck company who informed us that Mr. Falk is a first-class cost accountant, energetic and a man of good judgment, and of high-class morals; that he regards him as fully qualified to successfully manage any manufacturing enterprise he might undertake.

We also interviewed Mr. Zimmerman, of Reddle & Wunderless, printers, who informed us that regardless of the fact that the Modern Appliance Company is now indebted to his Company in a sum approximately \$1200, largely past due, there was practically no limit on the credit this Company would grant to the Modern Appliance Company while under the management of Mr. Falk and he further said that he was seriously contemplating investing some of his own funds in the stock of the Modern Appliance Company.

Ninth: We asked Mr. Falk to make a proposition in writing and mail the same to us so that it would be in our hands upon our return. This he did and the following is an exact copy of the proposition submitted:

"We are willing to reincorporate under the laws of Indiana, and allow the new corporation, so created, to acquire all our assets of every kind, and assume at the same time our liabilities. This new corporation should issue common stock to all of the present stockholders and creditors for permanent loans in the Modern Appliance Company and the Chicago Utilities Mfg. Company. The names and amounts are listed below:

Erling Falk, President, \$9,500.00; J. Vincent Murray, Treasurer, \$8,500.00; William E. Hollatz, Shop Foreman, \$3,000.00; J. Clinton Murray, Stenographer, \$1,000.00; John Schoeborn, Shipping Clerk, \$500.00; A. D. Brewer, Vice-President, \$500.00; Joseph Bornhofen, \$400.00; Emmet

O'Connor, \$200.00; Waldo Bardeen, \$100.00; Miss Guthrie, \$100.00; Ernest Hollatz, Loan, \$3,000.00; J. Vincent Murray, Loan, \$500.00; Erling Falk, \$300.00. Total \$28,100.

This item due on the loan from Ernest Hollatz will either be covered by stock issued to him direct or else by stock issued to the present stockholders. The loan, in this later case, being covered by their personal notes secured by their stock in escrow.

The present stockholders, or at least those actively participating in the business, will engage to assume all responsibility and all loss resulting from the pending suit which is being prosecuted by the American Electric Company of Chicago against the Modern Appliance Company of Chicago and will generally speaking, be quite willing to accede to any arrangement which tends to make the prospective stockholders in Rushville feel secured. They are further willing to sign such formal contracts, embodying the details of the agreements arrived at, as it may be deemed advantageous to create.

The proceeds from the prospective stock issue will, excluding such amount as may be needed for building purposes, be used to the extent of about \$5,000 for new machinery and plant, and the remainder for working capital.

The total of men employed will to commence with be about twenty. That is to say, about sixteen in the shop and four in the office.

We believe that this covers all of the points that you requested us specifically to mention and we leave the remainder of the arrangements to your discretion."

We are of the opinion that the outlook for the proposed Modern Appliance Company to be chartered under the laws of Indiana is bright, but that it will take more money than has been contemplated to properly launch the venture, and we recommend that if the proposition is undertaken the authorized capital stock should be \$50,000.00 common stock, and \$25,000.00 preferred stock, and that sufficient stock should be sold to properly finance the concern, and the remaining stock held as Treasury Stock.

Respectfully submitted,

ROBERT L. TOMPKINS.

EAT LESS---
IT WILL DO
YOU MORE
GOOD

FOLLOW YOUR MEAL WITH A
LITTLE PEPSINCO—YOUR FOOD
WILL SATISFY FOR A LONGER
TIME—NONE WILL BE WASTED.
IT WILL DO YOU 100 PER CENT
GOOD.

It's a mistaken idea that the more
you eat the more good it will do you.
It's not what you eat; it's what you
digest that does you good. Eat less—
take Pepsinco and you'll feel better—
you'll thoroughly enjoy what you eat
and you'll cut your food bill down.

Pepsinco is an aid to nature. It helps
weak stomachs. It prevents strong
stomachs becoming weak through care-
lessness in eating. Let Pepsinco di-
gest the meal that you eat in a hurry.

Time is money—Pepsinco is inexpen-
sive. Hundreds have Pepsinco handy
for such an exigency. Many suffer
after every meal—they don't use Pep-
sinco. Thousands eat with a relish—
they use Pepsinco.

No need for sour stomach, sick head-
ache, indigestion, bloating, heartburn
and food distress. Pepsinco must sure-
ly be used when your food kicks back;
when stomach pains; when you belch
up sour stuff; when you get up in the
morning with a mean, disagreeable,
dark brown taste; when your food
does not taste natural; when stomach
revolts at the sight of food; when
sleep is interrupted with bad dreams;
when breathing is heavy from gas pres-
sure. Pepsinco never fails to help in
all cases where misery follows a meal.
Thousands today are using Pepsinco,
happy in the thought that they have a
reliable preparation to fall back on if
stomach fails them. All druggists car-
ry Pepsinco in small packages—large
enough to show what they are worth.
Get a package today, now, at once and
not only help your stomach, but also
cut your food bill down.

A Wise Course

The republican meeting in In-
dianapolis yesterday afternoon acted
wisely in accepting tentatively the
proposal of democratic leaders that
a joint committee from the two par-
ties confer over the proposition,
made by democratic state leaders,
that fifteen men be selected for
candidates as delegates-at-large to
the state constitutional convention.

As pointed out by several speak-
ers at the meeting, no harm can
come to the project. The republican
committee, consisting of the state
central committee and one member
from each congressional district,
was not given the power to act and
was instructed to report back to a
similar meeting the conclusions the
joint committee reached.

One thing seems certain. Politics
is bound to enter into the selection
of delegates to the constitutional
convention, no matter how much
those projecting the convention
wish it to be otherwise. Whether
the selection of candidates for dele-
gate by a joint committee from the
two parties will bring the non-par-
tisan idea to the fore or whether it
bring politics into play is a question.
Many are of the opinion that the
example set by the two state com-
mittees if they take a hand in se-
lecting candidates will have a bad
effect and will result in politics be-
ing injected into the county selec-
tion of delegates. Others, however
view the situation differently. They
believe that the effort of the state
committees in taking a hand would
have the effect of eradicating party
lines in the county contests if the
joint committee picks men for can-
didates who are capable of filling
the position, rather than men merely
because of their political affiliations.

No harm is going to come from
the experiment. The offer of the
democratic state leaders, which was
submitted with the highest motives,
can be accepted and the delegates

18 YEARS OF LIVER TROUBLE

Finally Relieved by the Old Reli-
able Thedford's Black-Draught.

Traverse City, Mich.—Mrs. J. W.
Edwards, of this town, says: "I suf-
fered for about 18 years with liver
trouble, and doctored with many dif-
ferent remedies. At last, I was told
that an operation was the only thing
that would help me, but I heard of
Thedford's Black-Draught, and took
six 25-cent packages and it cured me.
I can recommend it to all who suffer
from liver troubles."

I have influenced several of my
neighbors to take Black-Draught
Liver Medicine, and I give it to my
grandchildren.

I can safely say that I owe my life
to Black-Draught, as it put me on my
feet after everything else had failed."

You know that you can depend upon
Black-Draught Liver Medicine for
quick and permanent relief in all dis-
orders of the liver, stomach and bow-
els, such as indigestion, constipation,
biliousness, headache, sour stomach,
tired feeling, and many other common
ailments, because, in the past 75
years, it has helped so many thou-
sands of people, whose troubles were
similar to these.

Safe, gentle in action, and without
bad after-effects, Black-Draught is
sure to benefit both young and old.
Sold everywhere, 25c a package.
Cost only 1 cent a dose.

How Our Country Is Preparing For War

That a state of war between Germany and the United States actually exists now,
is asserted by Vice-President Marshall, and his opinion is echoed by such eminent
authorities as Charles E. Hughes, Elihu Root, and Theodore Roosevelt, while the prepon-
derance of newspaper sentiment in the United States reflects the same conclusion.

"Our citizens have been murdered, our rights have been invaded, and treason
has been plotted by German agents within our frontiers," notes the New York Tribune,
and then asks "what are we going to do about it now?"

An official answer to that question will doubtless be given by President Wilson when
Congress convenes on April 2d, in the form of a request for a declaration of war against
Germany. At least this is the consensus of public opinion. Under these circumstances a
knowledge of what preparations for war the United States plans and actually has under way
is of absorbing interest to the American people.

It is to furnish this information that the article "A 'State of War' With Germany",
in THE LITERARY DIGEST for March 31st, 1917, is presented. Man-power, money,
food, submarines, submarine destroyers, aeroplanes, mobilization, coast defense, munitions,
transportation, and many other topics are covered.

Read "The Digest" this week and judge to what extent the United States is ready for war.

Among other articles in this exceptionally interesting number are these:

Let "The Digest" Be Your Guide in the Search For Truth

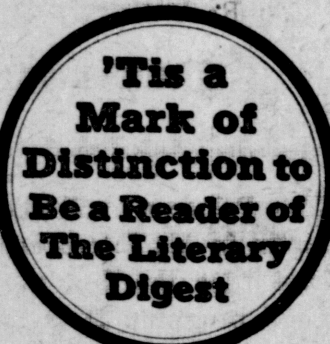

If you wish to find out all about a country you will
not be content with the report of a single person
who has visited it. You will read all the books you
can get that treat of its people, its government, pro-
ductions, manufactures, art, scenery, etc. You will
saturate yourself with all the view-points you can
obtain and from these you will reason out your own
opinion of this country, which will approximate very
closely to the truth. Are you doing this with relation

to the great issues of our times? Are you taking pains
to get all the facts before you take sides? If you are
anxious to do this THE LITERARY DIGEST,
unique among news-magazines, will give you just
the material you want, an impartial weekly summary
of all the news in every field of human activity.
It gives you the facts, drawn without bias from all
sources, and leaves you to do the judging. Read
it every week and act on conviction.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

—the tooth paste that is fighting the most general disease in the world. Use it twice daily. See your dentist twice yearly.

VEGETABLE CALOMEL

Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not salivate. As a liver stimulator, it's great. It's a perfect substitute for ordinary calomel (mercury); in fact, it's better, because its action is gentle instead of severe and irritating—and it leaves no mean, disagreeable after-effects. Physicians recognize this and prescribe may-apple root (podophyllin, they call it) daily.

Combined with four other standard, all-vegetable remedies, may-apple root may now be had at most any druggist's in convenient sugar-coated tablet form by asking for Sentanel Laxatives. If you forget the name, ask for the box that has the picture of the soldier on it.

These tablets are small, easy to take and are really wonderful little performers.

They quickly clean out the poisons that are causing you headache, constipation, sour stomach, biliousness, dizzy spells, bad breath and coated tongue.

They are mild. They never gripe. And they are a bowel tonic as well as a cleanser and liver regulator. A 10c box should last one several weeks. A physician's trial package (4 doses) will be mailed you free if you write mentioning this advertisement. The Sentanel Remedies Co., 802 Madison Ave., Covington, Ky.

It is very appropriate at this time that the Women's Relief Corps is planning to present the members of the G. A. R. with a new flag. The presentation is to take place on Friday afternoon of next week when a patriotic program is to be given in the auditorium of the Graham Annex. The program will begin at 2:30 o'clock and will consist of the following numbers: song "America," prayer, the Rev. C. M. Yocum, song, "Marching Through Georgia," presentation of the flag to the G. A. R. by Mrs. Cornelia Lyons, patriotic instructor of the Relief Corps; acceptance of the flag by Jabez Smith, post commander; song by class of girls taught by Charlotte Norriss in Christian Sunday school; monologue, "His Buttons are Marked U. S.," by Miss Joan Weakley; flag drill by Miss Vickrey's room of Jackson school building; patriotic reading, Miss Frances Frazee; song by Miss Norris' class; talk "The Spirit of '61" by Earl B. 'Bout Indiana's fall,
But compared with this here country
She aint in it a tall.
If "fall" is all they brag about,
I'm sorry as can be
Fer out here in Nebraska
We've got the other three.
Now take, fer instance, gentle spring—
Jes' as a starter, say—
With all fresh life a-startin' out
An' growin' ev'ry day—
The birds a-singin' everywhere,
The cattle lowin' low,
Hens cackling, too, to beat the band,
Oh, Nebraska's not so slow!

Then summer comes a-hummin' in
With everything in tune.
You've heard the old-time gag, I guess

"What's rare as a day in June?"
We've got 'em here most all year 'round

As nice as they can be.
If Strickland doubts my word a bit
Jes' let him come and see.

An' when comes fall, the autumn time
We're right here with the goods
What's well filled barns a-bulgin' out

Compared with pretty woods.
And we've got some pretty sights out here

Jes' as good as anywhere
But we've also got the wherewithals
Deny it is you dare.

An' winter jes' the swellest time
That ever you did see.
He can shout fer Indiana

But Nebraska's best fer me.
An' when my time fer goin' comes
Winter, spring, summer, fall,

If I can't have my pick—
I jes' won't go a tall.

THE CHAMPION PIG RAISER OF MINNESOTA IS 16-YEAR-OLD GIRL

St. Paul, Minn., March 31.—Because she stayed home from parties and cared for her pigs, Miss Ruth Cunningham, 16, is champion pig raiser of Minnesota. The award was made by the University of Minnesota agricultural school here. Ruth raised high brow pigs.

Each day she scrubbed her pigs by hand, and followed that by giving them a shower bath. Then she massaged each pig with oil daily. Comfortable couches were arranged for the pigs in the shade of trees on her father's farm. Her pig men consisted of milk, timothy, clover, salt, lime, coal, green vegetables—and all were served in individual troughs.

London, March 30.—Spain is under martial law because of a nation-wide labor strike. It is understood to be due to complaints against high prices of food. All constitutional guarantees have been suspended, Madrid dispatches say.

EASTER TIME

That time of the year that fashion dictates you must look your best is at hand. Be sure you do not mar the effect by wearing shoes that do not conform with your otherwise stylish appearance. There is no excuse for it—not so long as you can secure such stylish shoes at such reasonable prices as are to be had here.

Hammond—This city will have its seventh bank when its newest financial institution—the Bank of Hammond—opens about April 15.

Evansville—Business men of Evansville are backing the plan to form a unit of the Indiana National Guard here. A cavalry troop will probably be organized.

Connersville—Money is being raised to furnish the new Fayette Memorial hospital.

Muncie—Hog cholera, cost farmers of Delaware county \$81,110 during the last year, according to figures of Purdue university experts.

Seymour—Ray R. Keach, merchant received \$1.00 from Joseph Walker of Newcastle as "conscience money." Walker explained that he had been given \$1 too much change while making purchases in the Keach store five years ago and now wished to make amends.

CLORE RESIGNS.

Laporte, Ind., March 31.—The resignation of Leonard B. Clore as county agent of LaPorte county, went into effect today. He has been appointed treasurer of the new federal bank established at Louisville and will make his permanent headquarters in that city. Clore was the first county agent appointed in Indiana. He was elected president of the state board of agriculture this year. It is probable that he will resign this office shortly.

Announcing the New Seven-Passenger Oldsmobile

A MOTOR CAR creation, distinctive in every line—this is the new seven-passenger, eight-cylinder Oldsmobile. Exquisite harmony of outline and over-all proportions distinguish this car—the result of nearly twenty years of experience in combining beauty with comfort, sturdiness with grace.

The purpose underlying this car is to build a car that in smoothness of performance, mechanical excellence, and refinement of finish, will be instantly recognized as the peer of the world's finest motor cars by the most fastidious and calculating buyer.

And the price, due to large production and unexcelled buying power, is such that it is well within the reach of the average buyer—\$1367, f.o.b. Lansing.

The car is now on display at car show-room. Call or write today for a demonstration.

TO CONFER WITH THE DEMOCRATS

Republican Conference Picks Committee to Confer Over Selection of Convention Delegates

NOT GIVEN ANY POWER TO ACT

Senator Watson Contends Such Action by State Organizations Will Tend to Keep Out Politics

Several republicans from here were in Indianapolis yesterday afternoon for the meeting at the Severin hotel to take some action on the proposal of democratic state leaders that a joint committee from the two parties pick fifteen candidates for delegates-at-large to the state constitutional convention. The republican meeting answered the proposal by appointing a committee consisting of the state central committee and one member from each district to confer with the democratic leaders and report back to a similar republican meeting.

Senator James E. Watson of this city took a leading part in the conference and it was at his suggestion that the additional members, one from each district, were named on the committee. Rudolph G. Leeds, publisher of the Richmond Palladium, was appointed a member from this district.

Two exactly opposite views were expressed by speakers. One group took the position that action by the two party state organizations in picking candidates for delegates-at-large would involve the selection of county delegates in politics and others maintained that by such a step by the state organizations the election of delegates throughout the state would be more non-partisan because the leaders of the two parties would show by the selections that they encouraged non-partisanship.

Senator Watson held the view that politics would enter into the selection of delegates anyway, and that it would be far better for joint action by the two parties in selection of non-partisan candidates, so as to set an example for the candidates in the counties. He said that during his brief stay in Indiana since congress had adjourned, he had found that in every county in the sixth district politics was being considered in the election of delegates. Others upheld Senator Watson's position.

Senator Watson favored the plan and said that a committee should be appointed to meet the democrats and that the republicans should not be bound to accept its decisions. He declared that the convention should not consider questions that are not fundamental to it. "We do not want a constitution that is a series of statutes like the Oklahoma constitution," said Senator Watson. "I would rather have no constitution than the one they have in Oklahoma."

Senator Watson said that Chairman Hays proceeded wisely in calling the conference. He stated also in support of the remarks of Mr. Hoge that the election of delegates can not be kept out of politics. Already the republicans are planning the election of republicans in their counties and democrats the election of democrats, he said.

ALIENS MUST HAVE PASSPORT

(By United Press.)

Madrid, March 31.—All aliens found in Spain, beginning Sunday, who have no passports will be subject to fine and expulsion. No aliens will be permitted to enter Spain without a passport after Sunday. At that time also a systematic registration of all aliens will be undertaken. This measure is taken because the country has been overrun with spies, a small army of whom have been keeping submarine captains informed as to the sailing of all vessels from Spanish ports.

PLAN INDUSTRY'S WORK CASE OF WAR

Members of Indiana Section of Society of Automobile Engineers Meet in Indianapolis

TO PREPARE AVAILABLE LIST

(By United Press.)

Indianapolis, Ind., March 31.—Members of the Indiana Section of the Society of Automobile engineers met here yesterday to make plans for the carrying on of the work of the automobile industry in case of war. If there is a call to arms, in the opinion of members of the society, there will be danger of demoralization of the industry as many men now engaged in the manufacture and sale of autos would be needed by the government.

The society plans to have a list of all available men ready, so that in case of such an emergency, auto manufacturing plants would be able to continue turning out machines for the government use without interruption. In order to carry out these ideas, the Indiana society is attempting to raise the number of its membership from seventy-five to 500.

MONSTER CHOIR WILL SING

Mass in Memory of Dead as Result of War Will be Observed.

(By United Press.)

New York, March 31.—A requiem in memory of the dead of all nations at war will be sung by a chorus of 350 voices, accompanied by an orchestra of 150 pieces at the Hippodrome here tomorrow night.

The choir was organized by John Watkins at Scranton, Pa., will be led by Edgar Varese, a composer invalided out of the French army and will be sponsored by Cardinal Gibbons and Bishop Greer.

The requiem is the high mass for the dead. It is one of the most profound compositions of its kind.

EFFORT TO BE MADE TO LOCATE MODERN APPLIANCE COMPANY

Three Thousand Dollars in Stock is
Subscribed After Investigators
Report is Heard

WRITTEN STATEMENT MADE

Committee Recommends Company be
Incorporated at \$75,000, Two-
Thirds of it Common

CONCERN MAKES PROPOSITION

Willing to Reincorporate Under Ind-
iana Laws and Issue Stock as
Subscribers Desire It

That an effort will be made to
locate the Modern Appliance com-
pany of Chicago was definitely de-
termined at a meeting in the court
house assembly room last night and
it was announced that three thou-
sand dollars in stock had been sub-
scribed.

The company is willing to locate
here if ten thousand dollars worth
of stock is sold, but the investigat-
ing committee which made a written,
favorable report last night believes
that fifteen thousand dollars in
stock should be subscribed in order
to back the factory as it should be
and give it the proper opportunity
to expand.

It is stated that the subscribers
to the stock may take their choice
of the kind of stock. The company
is willing that the issue shall be all
preferred all common, or divided in
any way the stockholders see fit.

The report of the investigator
showed that there are in reality two
corporations headed by Mr. Falk
each with a capital stock of \$25,
000. The report discloses that the
total assets of the two concerns are
\$24,100 and that the total liabilities
are \$5,100. It also sets forth the
proposition of Mr. Falk to reincor-
porate under the laws of Indiana
and allow the new corporation to
acquire all assets of every kind and
at the same time assume the liabil-
ities.

The investigators closed their re-
port with the recommendation that
if the proposition is undertaken the
capital stock be made \$50,000 and
the preferred stock \$25,000, and
that sufficient stock be sold to fin-

ance properly the concern, the re-
maining stock to be held as treas-
ury stock.

Two men were canvassing today
and were meeting with good success.
It was reported this afternoon. It
is desired that the stock be sold as
soon as possible so that arrange-
ments can be made to move the
factory.

It was erroneously stated Thurs-
day that Mr. Falk was the inventor
of the products of the company. Mr.
Sperry, an employee of the factory,
is the inventor, but the company
owns the patent rights. Mr. Falk
was a cost accountant for an elec-
trical appliances company. He saw
how they made money and decided
to go into the business himself. The
complete report of the investigators
follows:

We, the undersigned, your commit-
tee appointed to investigate the moral
and physical condition of the Mod-
ern Appliance Company and Chicago
Utilities Company, beg leave to re-
port that, we arrived at Chicago
Tuesday morning, March 27th, and
immediately proceeded to carry out
the trust imposed, and submit the
following report:

First: The Modern Appliance
Company and Chicago Utilities Com-
pany are two separate corporations,
organized and operated under the
laws of the state of Illinois. Each
corporation having a capital stock
of \$25,000.00.

Second: \$24,800.00 of the stock
in the Chicago Utilities Company has
been acquired by the stockholders in
the Modern Appliance Company.
\$21,800.00 has been converted into
Modern Appliance Company stock
and the remaining \$3,000 can be con-
verted into Modern Appliance Com-
pany stock by issuing \$1500 of said
Modern Appliance Company stock
for said \$3000 of the Chicago Utili-
ties Company stock. The remaining
\$200 of the Chicago Utilities Com-
pany stock is held by an individual
with whom it was pledged as security
for a debt, and he is demanding the
par value thereof.

Third: The inventory of equip-
ment, stock and material of the two
corporations as made by Mr. Falk is
as follows:

Machinery	7200.00
Patterns, tools, etc	1900.00
Tools and dies for brack- ets	1600.00
Tools and Dies for stamp pads	500.00
Work in process, exc. Bkt. stock	1400.00
Bracket stock, process and finished	3500.00
Stamp pad stk. in process	100.00
Shop supplies	400.00
Shipping supplies	500.00
Office, furniture and sup.	800.00
Raw materials	500.00
Prepaid advertising	2500.00
Prepaid insurance	200.00
	\$21,100.00

The additional assets of these con-
cerns consist of accounts receivable
as follows:

Note secured by stock as collateral	\$ 100.00
Open Accounts	2800.00
Cash in Bank	100.00
	\$3,000.00

Making total assets \$24,100.00

Fourth: The two concerns have
outstanding indebtedness amounting
to \$5,100.00 in open accounts as fol-
lows:

Printing and advertising	\$1900.00
general advertising	1500.00
Steel	400.00
Other raw materials	600.00
Machinery	300.00
Patterns and tools	300.00
Miscellaneous	400.00
	\$5100.00

On these accounts \$1800 is past
due. We were unable to discover any
other liabilities other than credit
stock account.

ELEVEN SHIPS SUNK BY GERMAN RAIDER

Two Hundred and Sixty-Seven Sur-
vivors Arrive in Rio de Jan-
erio With Thrilling Story

BEARS THE NAME OF C. ADDER

(By United Press.)

Rio D. Janeiro, March 31.—Two
hundred and sixty-five men and
two women survivors of eleven ships
sunk in the Atlantic brought into
port today another German raider
story.

The new German raider is a sail-
ing vessel with auxiliary gasoline
engines. She flies the Norwegian
flag, is heavily armed and bears the
name of C. Adder.

She left Germany on December
22. Most of her victims were sunk
in the vicinity of Trinidad, ac-
cording to the survivors.

Survivors told of the raider
overhauling the sailing vessel Hon-
garth. The Hongarth refused orders
to stop and immediately opened fire
on her pursuer. One man aboard
the raider was killed and four were
wounded.

BURNED WHEN GAS FUMES EXPLODED

Lawrence Payne is Seriously In-
jured When he Attempts to
Light Furnace at Home

WIND BLEW THE FIRE OUT

Lawrence Payne, son of Mr. and
Mrs. Ralph Payne, was seriously
burned about the face and hands
last evening when gas fumes which
had accumulated in the furnace ex-
ploded, forcing the flames out
through the door. The gas in one
of the burners had been blown out
and he was unaware of this. Just
as soon as he attempted to light
the burner the explosion occurred.

His face and hands were blistered
and while the burns were serious
it is yet impossible to tell just how
seriously they will result. The fire
in the furnace had been turned very
low and it is believed the wind blew
it out from under one of the burn-
ers.

CARTHAGE GIRL WINS THE CONTEST

Miss Mildred Smith Will Represent
Rush County at District
Discussion League Meeting

WILL BE HERE FRIDAY NIGHT

Miss Mildred Smith of Carthage
will represent Rush county at the
district discussion contest to be
held here next Friday night, by re-
sult of her victory over Thomas
Saunders, representative of the lo-
cal high school, last night. The con-
test was attended by a very small
crowd. The judges were B. F. Car-
roll, O. S. Fick and Ralph B. Yen-
ne, all from the Technical high
school, Indianapolis.

Both speakers took the affirma-
tive side of the question, "Should
the United States adopt a system
of compulsory military service, sim-
ilar in essentials to the Swiss sys-
tem?" The arguments in favor of
such a system were well presented
by both speakers.

Saunders was given first place by
one of the judges, B. F. Carroll
and Miss Smith was favored by the
other two judges. Miss Smith is
expected to make a good showing in
the district discussion contest.

BOY SCOUTS HEAR EXECUTIVES SPEAK

Speeches by O. E. McMeans of Ind-
ianapolis and Charles Dough-
erty of Shelbyville, Beneficial

BOTH ARE SCOUTMASTERS

A joint meeting of the two Boy
Scout troops of the city was held
last night in the First Presbyterian
church, for the purpose of getting
some ideas in Scout work and some
instructions on how to proceed with
the organizations here. The troop
at the First Presbyterian church
was only recently organized, while
Troop No. 2 at the Christian church
has been in existence for some time.

O. E. McMeans, scoutmaster of
Troop No. 17, Indianapolis, and
Charles Dougherty of Shelbyville, a
scout executive of that city, were
present at the meeting. Both men
have had broad experience in this
work and their talks are expected to
prove a benefit to the members
here. Mr. Dougherty sang several
songs for the boys. In all the meet-
ing was attended by 50 boys and
several men of the two churches.

AMERICAN KILLED; NO WARNING GIVEN

Several Others Are Missing as Re-
sult of Sinking of British
Steamer Christian Thursday

EXPLOSION KILLS FIVE MEN

(By United Press.)

Washington, March 31.—Consul
Frost at Queenstown today re-
ported one American negro named Hol-
lier is unknown dead and several
other Americans are missing as the
result of the unwarmed sinking of
the British steamer Christian last
Thursday.

The cablegram said two boats of
survivors are still missing and prob-
ably are lost. Fifty-eight members
of the crew of 112 were Americans.

The explosion of the torpedo kill-
ed five men, two of whom are be-
lieved to have been Americans. The
submarine was not seen but the
wake of the torpedo was seen by
Americans. One boat load of sur-
vivors was landed at Queenstown.

DEMOCRATS WILL CONTROL THE HOUSE

Loss of Two Votes by Republicans
Make Almost Certain Election
of Champ Clark Speaker

ONE MEMBER IS STRICKEN

(By United Press.)

Washington, March 31.—As re-
publicans of the house went into
secret session this afternoon to
nominate Floor Leader Mann as
candidate for speaker and to name
a ticket for other house offices, it
seemed a certainty that Champ
Clark's recent prediction would
come true.

Clark said he would be re-elected
speaker and that the democrats
would organize the house.

Events of today gave the demo-
crats the first positive advantage
in numbers. Representative Helges-
en, republican, was stricken with
appendicitis and rushed to a hos-
pital. His physician said he could
not possibly attend Monday's ses-
sion.

Representative Bleakely, republi-
can, announced he would not attend
Monday and it was said at the
capital today republicans would
want him to vote if he does attend.
The odds of the election and outcome
are now in favor of the democrats.

SENATOR SPEAKS AT ERIE PA

Watson Stops Off There for Speech
on Way to Washington

After attending the republican

meeting in Indianapolis yesterday
afternoon, Senator James E. Wat-
son left Indianapolis last night at
10:50 o'clock for Erie, Pennsylv-
ania. He will address a patriotic
meeting there tonight and then will
go on to Washington, arriving at the
capital some time Sunday in time
for the opening of the extra session
of congress Monday.

MEETING PLANS ARE PROGRESSING

Committees Are Appointed to Ar-
range For Patriotic Demon-
stration Friday Night.

PLACE IS NOT YET DEFINITE

Wave of Patriotism That is Sweeping
Country Manifested Here by
Display of Flags.

Plans for the patriotic mass meet-
ing to be held next Friday night are
progressing rapidly. Several com-
mittees have been appointed and it is
believed a large crowd will respond.
The committees include people from
all parts of the country and there is
no reason why a representative Rush
county audience should not be pres-
ent.

The exact program has not been
completed. The committee is work-
ing on this part of the affair and
hopes to have a definite announce-
ment in a few days. It was first an-
nounced that the meeting would be
held in the assembly room of the
court house, but this may be changed
to the auditorium of the Graham
Annex. This has not been definitely
decided, but will be announced in
plenty of time.

The wave of patriotism that is
sweeping the country has hit Rush-
ville. Flags are displayed from many
business houses and homes and the
meeting next Friday night should
prove a big boost for the national
guard company that is being formed
here.

Committee on program: John A.
Titsworth, Anna Bohannon, Nora
Sleeth.

Committee on place: J. H. Scholl
and L. L. Allen.

Committee on music: C. E. Parke,
B. F. Miller, Lucia Behr.

Committee on decorations: Wal-
ter Hubbard, Paul Allen, Edith Wilk,
Henretta Coleman.

Committee on invitation: A. L.
Riggs, Voorhees Cavitt, S. L. Trabue,
A. L. Gary, Mrs. C. L. Smullen,
Chas. Trowbridge, Elmer Hutchin-
son, Albert W. Riggsbee, Thomas K.

PLACED IN CIVIL SERVICE

Postmasters of First, Second and
Third Class Are Included

(By United Press.)

Washington, March 31.—Postmas-
ters of the first, second and third
classes were placed under the civil
service by an executive order this
afternoon.

This includes the Rushville office
and places Postmaster G. P. Hunt in
the civil service. It is understood
incumbents hold office for life unless
they are discharged for some rea-
son. The order was signed for
the first time.

MEXICO NOW STEPS INTO THE LIMELIGHT

More Than Germany Engages Atten-
tion of War Department as
Inevitable War Approaches

CARRANZA SENDS NO REPLY

Zimmermann's Statement Makes it
Possible to Assume State of
War Now Exists

By ROBERT J. BENDER

(U. P. Staff Correspondent.)

Washington, March 31.—Mexico
even more than Germany, engaged
the war department's attention to-
day as the hour for the apparently
inevitable entrance of the United
States into the world war draws
near.

Carranza has never disclaimed in-
terest in Germany's attempted alli-
ance with Mexico. The state de-
partment's proposal has been ignored.
It is accepted as a certainty
that in event of war Germany will
renew her attempt to ally Mexico
against the United States. Carr-
anza's silence, in consequence, is
construed as menacing.

There is no expectation that Ger-
many will content herself with a de-
fensive attitude toward the United
States in case of war. If hostilities
begin it will be impossible for this
country to maintain friendly rela-
tions with Germany's allies, it is be-
lieved.

Officials point out the impossi-
bility of allowing representatives of
Germany's allies to remain in Wash-
ington with an unhampered view
of the working of this government.
Germany may have recognized
that a state of war exists between
that country and the United States,
according to an interpretation today
by the state department of Foreign
Minister Zimmermann's speech.

This interpretation was based
upon the published quotation of
Zimmermann's remarks saying, "the
United States can not deny us the
right to seek allies when it has itself
practically declared war on us." The
state department would not inter-
pret the remark as being a full,
official recognition of a state of
war but it said the remark might be
so interpreted.

This angle of the international
situation probably will be injected
into President Wilson's speech to
congress. He can figure that Ger-
many already holds that a state of
war exists, basing it on the Zim-
mermann statement.

SENATOR STONE UNCHANGED

(By United Press.)

Washington, March 31.—William
J. Stone, of the filibustering sen-
ators who defeated the president's
armed neutrality measure will vote
against any further action than
that already taken by this govern-
ment until congress declares war, he
announced today.

"When congress declares war, I
am for war and will go to any
length to lick the enemy," said
Stone. "My position on the armed
neutrality bill hasn't changed in the
slightest. I would vote against it
again."

TO SELL COLLECTION OF ARMS

(By United Press.)

Philadelphia, March 31.—The late
Samuel H. Austin's collection of an-
tique arms, worth a fortune and
said to be the most wonderful col-
lection of its kind in existence, will
be sold at auction in New York
some time next week. Among the
rare pieces are a wheel lock Italian
gun of 1560, a sporting rifle dated
1626, a triple wheel lock German
pistol dated 1630. There are 400
other specimens of antique arms.

The Sunshine Club

Business men who are inclined
to look on the bright side of
things are forming Sunshine
Clubs in various parts of the
country.

The purpose of these organ-
izations is to preach good times
and to restore confidence in spots
where there has been hesitation.

Reports show that those who
are going after business in an ag-
gressive manner are getting it.
They are finding plenty of en-
couragement.

Sales are getting better.
Evidence of the way in which
the active men are going after
good times will be found in the
advertising columns of live news-
papers like the Daily Republican
which goes into 2165 Rush
homes every week day.

Each advertisement is, in its
way a bulletin of the Sunshine
Club—the bid for business by a
man who believes it is here for
the asking.

Advertising these days is un-
usually profitable reading, not
only because it shows the trend
of the times, but because it very
frequently offers opportunity to
the purchaser that are out of the
ordinary.

This newspaper has an import-
ant service to render to its read-
ers in bringing to them the news
which its advertising tells.

Serum Station.....

The Swine Breeders Pure Serum Company of Thorntown, Indiana, has established a Serum Station at Rushville for the benefit of their stockholders and also the farmers of this part of the State who want to use a high class serum.

We sell direct to the farmer and guarantee him the best, pure, potent serum and virus that can be obtained anywhere. This serum is strictly troat bled serum, obtained by killing the hog outright and this is the only plant in the country using this method.

The company has arranged to keep serum on hands at Kramer's Cold Storage Plant, and anyone wanting serum can get it any time. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Company over the Rushville National Bank.

EFFORT TO BE MADE TO LOCATE FACTORY HERE

Continued from Page 1.

pending against the Modern Appliance Company for alleged infringement upon Peter C. Burns, Patent No. 1011405 now held and controlled by the American Electric Company.

Fifth: Certain funds of these concerns have been invested in incorporating, securing patent and other legal services to the amount of \$600 and we find that Mr. Falk is carrying \$10,000.00 Life Insurance in favor of the Modern Appliance Company as beneficiary; the premiums being paid out of the general fund. This, we regard as an additional asset.

Sixth: We held a conference with Glen S. Noble, Patent Attorney, defending the Modern Appliance Company in the suit for alleged infringement on the patent above mentioned, and he advises that he is very confident that the suit will be unsuccessful. It is our opinion, however, that the Modern Appliance Company should be chartered anew under the laws of this state. The old corporation would then have to bear the burden of any judgment that might be rendered. We further found, however, that the Modern Appliance Company controls a new device greatly improving the one alleged to be an infringement, and we were assured by Mr. Noble that the new device in no way could be termed an infringement.

Seventh: We found that the stock heretofore issued and to be issued in payment of loans and converted into Modern Appliance Company Stock is held by thirteen persons; the aggregate amount being \$28,100.00. We further found that this stock evidences the actual cash investment, except that \$5000 of the stock held by Mr. Falk and \$3800 held by four employees was issued as bonus stock and as remuneration for sacrifices made and services rendered in the early stages of the venture. We were informed by Mr. Falk that the Modern Appliance Co. operated at a loss of \$500 from October to December 31st, 1916, but that it realized a profit to the amount of \$800 since January 1st.

He also informed us that the Telephone Bracket is now being manufactured for the Modern Appliance Company by the Chicago Utilities Company, and that the manufacturing of the bracket shows a profit of ten cents each for the Chicago Utilities Company, and that the Modern Appliance Company realizes a profit of fifty-nine cents on each bracket.

Eight: On the question of the personal reputation of Mr. Falk, we interviewed the Chief Accountant in the Auditing Department of the Sears and Roebuck company who informed us that Mr. Falk is a first-class cost accountant, energetic and a man of good judgment, and of high-class morals; that he regards him as fully qualified to successfully manage any manufacturing enterprise he might undertake.

We also interviewed Mr. Zimmerman, of Reddle & Wunderless, printers, who informed us that regardless of the fact that the Modern Appliance Company is now indebted to his Company in a sum approximately \$1200, largely past due, there was practically no limit on the credit this Company would grant to the Modern Appliance Company while under the management of Mr. Falk and he further said that he was seriously contemplating investing some of his own funds in the stock of the Modern Appliance Company.

Ninth: We asked Mr. Falk to make a proposition in writing and mail the same to us so that it would be in our hands upon our return. This he did and the following is an exact copy of the proposition submitted:

"We are willing to reincorporate under the laws of Indiana, and allow the new corporation, so created, to acquire all our assets of every kind, and assume at the same time our liabilities. This new corporation should issue common stock to all of the present stockholders and creditors for permanent loans in the Modern Appliance Company and the Chicago Utilities Mfg. Company. The names and amounts are listed below:

Erling Falk, President, \$9,500.00; J. Vincent Murray, Treasurer, \$8,500.00; William E. Hollatz, Shop Foreman, \$3,000.00; J. Clinton Murray, Stenographer, \$1,000.00; John Schenck, Shipping Clerk, \$500.00; J. P. Stech, Vice President, \$500.00.

O'Connor, \$200.00; Waldo Bardeen, \$100.00; Miss Guthrie, \$100.00. Ernest Hollatz, Loan, \$3,000.00; J. Vincent Murray, Loan, \$500.00; Erling Falk, \$300.00. Total \$28,100.

This item due on the loan from Ernest Hollatz will either be covered by stock issued to him direct or else by stock issued to the present stockholders. The loan, in this later case, being covered by their personal notes secured by their stock in escrow.

The present stockholders, or at least those actively participating in the business, will engage to assume all responsibility and all loss resulting from the pending suit which is being prosecuted by the American Electric Company of Chicago against the Modern Appliance Company of Chicago and will generally speaking, be quite willing to accede to any arrangement which tends to make the prospective stockholders in Rushville feel secured. They are further willing to sign such formal contracts, embodying the details of the agreements arrived at, as it may be deemed advantageous to create.

The proceeds from the prospective stock issue will, excluding such amount as may be needed for building purposes, be used to the extent of about \$5,000 for new machinery and plant, and the remainder for working capital.

The total of men employed will to commence with be about twenty. That is to say, about sixteen in the shop and four in the office.

We believe that this covers all of the points that you requested, as specifically to mention and we leave the remainder of the arrangements to your discretion."

We are of the opinion that the outlook for the proposed Modern Appliance Company to be chartered under the laws of Indiana is bright, but that it will take more money than has been contemplated to properly launch the venture, and we recommend that if the proposition is undertaken the authorized capital stock should be \$50,000.00 common stock, and \$25,000.00 preferred stock, and that sufficient stock should be sold to properly finance the concern, and the remaining stock held as Treasury Stock.

Respectfully submitted,

ROBERT L. TOMPKINS.

SAMUEL L. TRABUE

EAT LESS---
IT WILL DO
YOU MORE
GOOD

FOLLOW YOUR MEAL WITH A
LITTLE PEPSINCO—YOUR FOOD
WILL SATISFY FOR A LONGER
TIME—NONE WILL BE WASTED.
IT WILL DO YOU 100 PER CENT
GOOD.

It's a mistaken idea that the more
you eat the more good it will do you.
It's not what you eat; it's what you
digest that does you good. Eat less—
take Pepsinco and you'll feel better—
you'll thoroughly enjoy what you eat
and you'll cut your food bill down.
Pepsinco is an aid to nature. It helps
weak stomachs. It prevents strong
stomachs becoming weak through care-
lessness in eating. Let Pepsinco di-
gest the meal that you eat in a hurry.
Time is money—Pepsinco is inexpen-
sive. Hundreds have Pepsinco handy
for such an exigency. Many suffer
after every meal—they don't use Pep-
sinco. Thousands eat with a relish—
they use Pepsinco.

No need for sour stomach, sick head-
ache, indigestion, bloating, heartburn
and food distress. Pepsinco must sure-
ly be used when your food kicks back;
when stomach pains; when you belch
up sour stuff; when you get up in the
morning with a mean, disagreeable,
dark brown taste; when your food
does not taste natural; when stomach
revolts at the sight of food; when
sleep is interrupted with bad dreams;
when breathing is heavy from gas pres-
sure. Pepsinco never fails to help in
all cases where misery follows a meal.
Thousands today are using Pepsinco,
happy in the thought that they have a
reliable preparation to fall back on if
stomach fails them. All druggists car-
ry Pepsinco in small packages—large
enough to show what they are worth.
Get a package today, now, at once and
not only help your stomach, but also
cut your food bill down.

A Wise Course

The republican meeting in In-
dianapolis yesterday afternoon acted
wisely in accepting tentatively the
proposal of democratic leaders that
a joint committee from the two par-
ties confer over the proposition,
made by democratic state leaders,
that fifteen men be selected for
candidates as delegates-at-large to
the state constitutional convention.
As pointed out by several speak-
ers at the meeting, no harm can
come to the project. The republican
committee, consisting of the state
central committee and one member
from each congressional district,
was not given the power to act and
was instructed to report back to a
similar meeting the conclusions the
joint committee reached.

One thing seems certain. Politics
is bound to enter into the selection
of delegates to the constitutional
convention, no matter how much
those projecting the convention
wish it to be otherwise. Whether
the selection of candidates for dele-
gate by a joint committee from the
two parties will bring the non-par-
tisan idea to the fore or whether it
bring politics into play is a question.
Many are of the opinion that the
example set by the two state com-
mittees if they take a hand in se-
lecting candidates will have a bad
effect and will result in politics be-
ing injected into the county selec-
tion of delegates. Others, however
view the situation differently. They
believe that the effort of the state
committees in taking a hand would
have the effect of eradicating party
lines in the county contests if the
joint committee picks men for can-
didates who are capable of filling
the position, rather than men merely
because of their political affiliations.
No harm is going to come from
the experiment. The offer of the
democratic state leaders, which was
submitted with the highest motives,
can be accepted and the delegates

18 YEARS OF LIVER TROUBLE

Finally Relieved by the Old Reli-
able Theford's Black-Draught.

Traverse City, Mich.—Mrs. J. W.
Edwards, of this town, says: "I suf-
fered for about 18 years with liver
trouble, and doctored with many dif-
ferent remedies. At last, I was told
that an operation was the only thing
that would help me, but I heard of
Theford's Black-Draught, and took
six 25-cent packages and it cured me.
I can recommend it to all who suffer
from liver troubles.
I have influenced several of my
neighbors to take Black-Draught
Liver Medicine, and I give it to my
grandchildren.
I can safely say that I owe my life
to Black-Draught, as it put me on my
feet after everything else had failed."
You know that you can depend upon
Black-Draught Liver Medicine for
quick and permanent relief in all dis-
orders of the liver, stomach and bow-
els, such as indigestion, constipation,
biliousness, headache, sour stomach,
drowsiness, and many other common
ailments, because, in the past 75
years, it has helped so many thou-
sands of people, whose troubles were
similar to those.
Be gentle in action, and without
any harmful effects, Black-Draught
Liver Medicine is the only medicine
that will cure liver troubles.

appointed, but no member of any
party would be bound in any way to
vote for them. The field would be
open to other candidates.

American physicians who have

the health of the people. They
could have learned that much at
home. American newspaper men are
noted for health and longevity.

The food dealers should remem-
ber that the common people must
keep alive or they can't buy goods.

After claiming that all his extra
money coming from high prices has
to be paid out for increased ex-
penses, the farmer telephones down
for catalogs of 1917 automobiles.

How Our Country Is Preparing For War

That a state of war between Germany and the United States actually exists now,
is asserted by Vice-President Marshall, and his opinion is echoed by such eminent
authorities as Charles E. Hughes, Elihu Root, and Theodore Roosevelt, while the prepon-
derance of newspaper sentiment in the United States reflects the same conclusion.

"Our citizens have been murdered, our rights have been invaded, and treason
has been plotted by German agents within our frontiers," notes the New York Tribune,
and then asks "what are we going to do about it now?"

An official answer to that question will doubtless be given by President Wilson when
Congress convenes on April 2d, in the form of a request for a declaration of war against
Germany. At least this is the consensus of public opinion. Under these circumstances a
knowledge of what preparations for war the United States plans and actually has under way
is of absorbing interest to the American people.

It is to furnish this information that the article "A 'State of War' With Germany"
in THE LITERARY DIGEST for March 31st, 1917, is presented. Man-power, money,
food, submarines, submarine destroyers, aeroplanes, mobilization, coast defense, munitions,
transportation, and many other topics are covered.

Read "The Digest" this week and judge to what extent the United States is ready for war.
Among other articles in this exceptionally interesting number are these:

If you wish to find out all about a country you will
not be content with the report of a single person
who has visited it. You will read all the books you
can get that treat of its people, its government, pro-
ductions, manufactures, art, scenery, etc. You will
saturate yourself with all the view-points you can
obtain and from these you will reason out your own
opinion of this country, which will approximate very
closely to the truth. Are you doing this with relation

to the great issues of our times? Are you taking pains
to get all the facts before you take sides? If you are
anxious to do this THE LITERARY DIGEST, unique among news-magazines, will give you just
the material you want, an impartial weekly summary
of all the news in every field of human activity.
It gives you the facts, drawn without bias from all
sources, and leaves you to do the judging. Read
it every week and act on conviction.

DRINK HOT TEA
FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a tencup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND
LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

VEGETABLE
CALOMEL

Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not salivate. As a liver stimulant, it's great. It's a perfect substitute for ordinary calomel (mercury); in fact, it's better, because its action is gentle instead of severe and irritating—and it leaves no mean, disagreeable after-effects. Physicians recognize this and prescribe may-apple root (podophyllin, they call it) daily.

Combined with four other standard, all-vegetable remedies, may-apple root may now be had at most any druggist's in convenient sugar-coated tablet form by asking for Santalax Laxatives. If you forget the name, ask for the box that has the picture of the soldier on it.

These tablets are small, easy to take and are really wonderful little performers.

They quickly clean out the poisons that are causing you headache, constipation, sour stomach, biliousness, dizzy spells, bad breath and coated tongue.

They are mild. They never gripe. And they are a bowel tonic as well as a cleanser and liver regulator. A 10c box should last one several weeks. A Physician's trial package (4 doses) will be mailed you free if you write mentioning this advertisement. The Santalax Remedies Co., 802 Madison Ave., Covington, Ky.

PROTEST AGAINST
STONE REQUESTED

I. U. Professors and Bloomington Citizens Ask Watson and New to Object to His Retention

SEND MESSAGE FRIDAY NIGHT

Senator James E. Watson of this city and Senator Harry S. New of Indianapolis have been asked by a small number of I. U. professors and Bloomington citizens to protest against the retention of Senator Stone as chairman of the foreign relations committee. They sent the following telegram last night, Bloomington dispatches today say:

A group of Indiana University professors and prominent local business men sent the following telegram tonight to United States Senators Harry S. New and James E. Watson at Washington:

"We, the undersigned, desire to protest in the strongest possible terms against the retention of Senator Stone as chairman of Senate committee of foreign relations. Lacking distinction in ordinary times, he is a positive menace, a source of national humiliation under existing conditions. We are unalterably opposed to the rule of seniority up held by the rule of senatorial courtesy, which makes such selections possible, and desire its speedy abrogation. We are in earnest in regard to this matter and await your action in the premises with the deepest interest."

"(Signed) Professors, Amos S. Hershey, James A. Woodburn, Alfred M. Brooks, William A. Rawles, R. R. Ramsey, W. E. Jenkins, C. A. Mosemiller, M. A. Seavey, J. W. Beede, G. F. Reynolds, Frank G. An Inside Bath
Makes You Look
and Feel Fresh

Says a glass of hot water with phosphate before breakfast keeps illness away.

This excellent, common-sense health measure being adopted by millions.

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do. Men and women are urged to drink each morning, before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results both in regard to health and appearance.

Mrs. A. N. Marlatt entertained the members of her family yesterday evening with a dinner party honoring her birthday. The members of the family gathered together in this pleasant manner were Mr. and Mrs. Fred Miller and children, Virgil and Elizabeth Ann, of Connersville, Mrs. Marlatt, Ernest and Earl Marlatt.

Mrs. F. G. Hackleman entertained the members of the Thimble Club at her home in North Morgan street yesterday afternoon when they spent the time together in a pleasant social manner. The living room was pretty with basket of jonquils and the dining table was centered with a pink bouquet of hyacinths and sweet peas. An elegant two course dinner was served to the guests.

Mrs. C. A. Mauzy entertained about a dozen friends informally yesterday afternoon complimenting Mrs. Christina Mauzy of Indianapolis who is visiting here and Mrs. Siddle Mowers who has just returned from an extended visit in El Paso, Tex. The guests spent a delightful time together and were later served with a refreshing collation by the hostess.

The date for the federation of clubs to be held in Connersville this spring has not been definitely set. A meeting of representatives of the clubs there was held in the Elks hall at Connersville yesterday and although plans were made and discussed for the entertainment, the date has not been definitely arranged. Mrs. Guy Abercrombie of this city, chairman of the sixth districts clubs, was present at the meeting.

A house warming was given for Mr. and Mrs. Howard Mahin, who have recently moved to a farm two miles east of Gings, last evening, in the form of a surprise party when several of their friends motored to their home. The guests took with them a pitch-in supper which was served shortly after their arrival. The evening was spent in a jolly way, playing games, and in games of Five Hundred. Those who honored Mr. and Mrs. Mahin in this way were Mr. and Mrs. Albert Fleehart, Mr. and Mrs. Ben Sparks, Mr. and Mrs. Leon McDaniel, Mr. and Mrs. John Worthington, Miss Hettie Retherford and Frank Priest.

Easter decorations added their beauty to the little birthday party given this afternoon by Judith Mauzy, in North Morgan street. She entertained her friends beginning the celebration of her sixth birthday. Easter eggs of various colors were presented to the guests.

in the eggs which were used as favors. The little folks romped about playing various games from 3 until 5 o'clock, the hours of the party. Dainty refreshments were served the guests who were Margaret Herkless, Frances Bowen, Anna Rebecca Allen, Faye Louise Boxley, Olive Logan, Helen Francis, Louise Henry, Martha Wyatt, Mary Elizabeth Waggoner, Gertrude Snodgrass, Virginia Carter, Elizabeth Stewart, Eleanor Stiers, Mildred McMillin, Justine Green and Margaret Winship.

It is very appropriate at this time that the Women's Relief Corps is planning to present the members of the G. A. R. with a new flag. The presentation is to take place on Friday afternoon of next week when a patriotic program is to be given in the auditorium of the Graham Annex. The program will begin at 2:30 o'clock and will consist of the following numbers: song "America," prayer, the Rev. C. M. Yocum, song, "Marching Through Georgia," presentation of the flag to the G. A. R. by Mrs. Cornelia Lyons, patriotic instructor of the Relief Corps; acceptance of the flag by Jabez Smith, post commander; song by class of girls taught by Charlotte Norris in Christian Sunday school; monologue, "His Buttons are Marked U. S.," by Miss Joan Weakley; flag drill by Miss Vickrey's room of Jackson school building; patriotic reading, Miss Frances Frazee; song by Miss Norris' class; talk "The Spirit of '61" by Earl B. Marlatt; quartette by Mrs. C. M. Yocum, Mrs. Green, Miss Crum and Miss Wyatt.

The public is invited to attend and hear the program and in this way pay their tribute to the old soldiers.

A very artistic program has been arranged for Monday evening when the Ladies Musicale of this city will entertain the Musicale of Connersville. The Connersville guests are to arrive on the 7:29 traction car and go directly to the assembly room of the court house. Aside from the members of the organization, out-of-town guests are the ones who have been invited. The program, which has been arranged by Mrs. A. L. Aldridge and Mrs. Verl Bebout, follows: sextet "A Night in June" by Sudds, Mrs. Parke, Mrs. Aldridge, Mrs. Chambers, Miss Black, Miss Amos, Miss Stiers; vocal solo by Mrs. Charles Offutt; piano duo "La Traviata" by Alberti, Miss Madden and Mrs. Bebout; patriotic dialogue by Miss Smith and Miss Frances Frazee; violin solo (a) "Indian Summer" Dvorak-Kriseleh (b) "Hungarian Dance" Harsche, (c) "Scherzo" Goens, by Miss Leona Thomas; piano quartet "Sixth Pastoral Symphony" by Beethoven, Mrs. Parke, Miss Madden, Mrs. Bebout and Mrs. Aldridge; vocal duet "The Night Sea" by Mrs. H. H. Beach, Mrs. Amos and Miss Buell; piano duo "Dance Macabre" by Saint Saens by Miss Smith and Miss Kitchen; vocal duet by Mrs. Carl Beher and B. F. Miller; piano duo "Prelude" by Liszt, Mrs. Hugh Mauzy and Miss Jessie Kitchen; violin trio "Alla Marcia" by Schumann, Miss Leona Thomas, Miss

ALL YEAR 'ROUND IN NEBRASKY WRITTEN BY A HOOSIER WOMAN

"All Year 'Round in Nebraska" is the title of a poem written by a former Hoosier woman, Ruby A. Schafer, a daughter of Mr. and Mrs. M. A. Enos of Sexton. She lives at Lincoln, Neb. Lately she received a poem from Strickland Gillilan, the Hoosier bard, and responded with the following:

I've read the "pome" that Strickland wrote
'Bout Indiana's fall,
But compared with this here country
She aint in it a fall.
If "fall" is all they brag about,
I'm sorry as can be
Fer out here in Nebraska
We've got the other three.
Now take, fer instance, gentle spring—
Jes' as a starter, say—
With all fresh life a-startin' out
An' growin' ev'ry day—
The birds a-singin' everywhere,
The cattle lowin' low,
Hens cackling, too, to beat the band,
Oh, Nebraska's not so slow!

Then summer comes a-hummin' in
With everything in tune.
You've heard the old-time gag, I guess
"What's rare as a day in June?"
We've got 'em here most all year 'round

As nice as they can be.
If Strickland doubts my word a bit
Jes' let him come and see.
An' when comes fall, the autumn time
We're right here with the goods
What's well filled barns a-bulgin' out

Compared with pretty woods.
And we've got some pretty sights out here
Jes' as good as anywhere
But we've also got the wherewithal
Deny it is you dare.

An' winter jes' the swellest time
That ever you did see.
He can shout fer Indiana
But Nebraska's best fer me.
An' when my time fer goin' comes
Winter, spring, summer, fall,
If I can't have my pick—
I jes' won't go a tall.

THE CHAMPION PIG RAISER OF MINNESOTA IS 16-YEAR-OLD GIRL

St. Paul, Minn., March 31.—Because she stayed home from parties and cared for her pigs, Miss Ruth Cunningham, 16, is champion pig raiser of Minnesota. The award was made by the University of Minnesota agricultural school here. Ruth raised high brow pigs.

Each day she scrubbed her pigs by hand, and followed that by giving them a shower bath. Then she massaged each pig with oil daily. Comfortable couches were arranged for the pigs in the shade of trees on her father's farm. Her pig menu consisted of milk, timothy, clover, salt, lime, coal, green vegetables—and all were served in individual troughs.

London, March 30.—Spain is under martial law because of a nation-wide labor strike. It is understood to be due to complaints against high prices of food. All constitutional guarantees have been suspended, Madrid dispatches say.

EASTER TIME

That time of the year that fashion dictates you must look your best is at hand. Be sure you do not mar the effect by wearing shoes that do not conform with your otherwise stylish appearance. There is no excuse for it—not so long as you can secure such stylish shoes at such reasonable prices as are to be had here.

Announcing the New Seven-Passenger Oldsmobile

A MOTOR CAR creation, distinctive in every line—this is the new seven-passenger, eight-cylinder Oldsmobile. Exquisite harmony of outline and over-all proportions distinguish this car—the result of nearly twenty years of experience in combining beauty with comfort, sturdiness with grace.

The purpose underlying this car is to build a car that in smoothness of performance, mechanical excellence, and refinement of finish, will be instantly recognized as the peer of the world's finest motor cars by the most fastidious and calculating buyer.

And the price, due to large production and unexcelled buying power, is such that it is well within the reach of the average buyer—\$1367, f.o.b. Lansing.

The car is now on display at our show-room. Call or write today for a demonstration.

TO CONFER WITH THE DEMOCRATS

Republican Conference Picks Committee to Confer Over Selection of Convention Delegates

NOT GIVEN ANY POWER TO ACT

Senator Watson Contends Such Action by State Organizations Will Tend to Keep Out Politics

Several republicans from here were in Indianapolis yesterday afternoon for the meeting at the Severin hotel to take some action on the proposal of democratic state leaders that a joint committee from the two parties pick fifteen candidates for delegates-at-large to the state constitutional convention. The republican meeting answered the proposal by appointing a committee consisting of the state central committee and one member from each district to confer with the democratic leaders and report back to a similar republican meeting.

Senator James E. Watson of this city took a leading part in the conference and it was at his suggestion that the additional members, one from each district, were named on the committee. Rudolph G. Leeds, publisher of the Richmond Palladium, was appointed a member from this district.

Two exactly opposite views were expressed by speakers. One group took the position that action by the two party state organizations in picking candidates for delegates-at-large would involve the selection of county delegates in politics and others maintained that by such a step by the state organizations the election of delegates throughout the state would be more non-partisan because the leaders of the two parties would show by the selections that they encouraged non-partisanship.

Senator Watson held the view that politics would enter into the selection of delegates anyway, and that it would be far better for joint action by the two parties in selection of non-partisan candidates, so as to set an example for the candidates in the counties. He said that during his brief stay in Indiana since congress had adjourned, he had found that in every county in the sixth district politics was being considered in the election of delegates. Others upheld Senator Watson's position.

Senator Watson favored the plan and said that a committee should be appointed to meet the democrats and that the republicans should not be bound to accept its decisions. He declared that the convention should not consider questions that are not fundamental to it. "We do not want a constitution that is a series of statutes like the Oklahoma constitution," said Senator Watson. "I would rather have no constitution than the one they have in Oklahoma."

Senator Watson said that Chairman Hays proceeded wisely in calling the conference. He stated also in support of the remarks of Mr. Hogate that the election of delegates can not be kept out of politics. Already the republicans are planning the election of republicans in their counties and democrats the election of democrats, he said.

ALIENS MUST HAVE PASSPORT

(By United Press.)

Madrid, March 31.—All aliens found in Spain, beginning Sunday, who have no passports will be subject to fine and expulsion. No aliens will be permitted to enter Spain without a passport after Sunday. At that time also a systematic registration of all aliens will be undertaken. This measure is taken because the country has been overrun with spies, a small army of whom have been keeping submarine captains informed as to the sailing of all vessels from Spanish ports.

PLAN INDUSTRY'S WORK CASE OF WAR

Members of Indiana Section of Society of Automobile Engineers Meet in Indianapolis

TO PREPARE AVAILABLE LIST

(By United Press.)

Indianapolis, Ind., March 31.—Members of the Indiana Section of the Society of Automobile engineers met here yesterday to make plans for the carrying on of the work of the automobile industry in case of war. If there is a call to arms, in the opinion of members of the society, there will be danger of demoralization of the industry as many men now engaged in the manufacture and sale of autos would be needed by the government.

The society plans to have a list of all available men ready, so that in case of such an emergency, auto manufacturing plants would be able to continue turning out machines for the government use without interruption. In order to carry out these ideas, the Indiana society is attempting to raise the number of its membership from seventy-five to 500.

MONSTER CHOIR WILL SING

Mass in Memory of Dead as Result of War Will be Observed.

(By United Press.)

New York, March 31.—A requiem in memory of the dead of all nations at war will be sung by a chorus of 350 voices, accompanied by an orchestra of 150 pieces at the Hippodrome here tomorrow night.

The choir was organized by John Watkins at Scranton, Pa., will be led by Edgar Varese, a composer invalided out of the French army, and will be sponsored by Cardinal Gibbons and Bishop Greer.

The requiem is the high mass for the dead. It is one of the most profound compositions of its kind.
